VERSATILE

Achieve amazing engraving quality with the M10 Jewel without any knowledge of engraving. This machine is fully automated with no need for manual adjustment. Engrave on both the inside and outside of rings and bracelets to create personal messages or designs.

EXCEPTIONAL SOFTWARE

The M10 Jewel is powered by GravoStyle™ software. This leading engraving software works with all Windows® based computers. The software includes symbols and designs that can be engraved into any precious metal. GravoStyle™ can be upgraded based on the needs of your business.

PERFORMANCE

With the M10 Jewel you will always get your engraving right the first time with the built in wizard that will take you step by step through the process. Go one step further with the addition of Dedicace™. Dedicace™ gives you the ability to engrave hand written sentiments and elegant engraved messages that will take the recipient's breath away.

ERGONOMICS AND DESIGN

Front access to the engraved object gives the user the ability to maneuver small parts without damage. The quick touch buttons and placement arrows allow you to engrave without error. The entire machine weighs less than 15 lbs. allowing easy transport.

APPLICATIONS

Since 1938, Gravotech brands have been global leaders in the design, manufacturing and distribution of innovative solutions for engraving, marking and artistic modeling.
